How does this draw work?

All teams are guaranteed 4 matches.

All teams are seeded between 1-16 (to the left of your name)
If you are seeded higher than your opponents and win you retain your seeding and move through in the draw as the same seed.

If you are seeded lower than your opponents and win the teams exchange seeding and move through the draw.

Results from the 4th round sort all 16 teams into the final order

Who Will Play Who?

The adult will play a match against the other adult. Likewise, the child will compete against the opposing child.

A handicap points system will be applied to balance any standard differences. (See numbers after your name)

How Will The Scoring Work?

The American scoring system will be used, e.g.
the winner of each rally will score a point and also get to serve at the start of the next rally. Each game will be up to 15 points.

At 14 all - next point wins.
